Education

- Sep. 2017 - Oct. 2020 M.Sc. in Applied Mathematics, Institute for Advanced Studies in Basic Sciences, Iran
Numerical Method for Solving PDEs with Uncertainty Using Neural-Network
- Sep. 2012 - Sep. 2017 B.Sc. in Applied Mathematics, University of Guilan, Iran

Experiences

- Dec. 2025 - Present Senior Developer, AustroByte
- Mar. 2024 - Dec. 2025 Senior Developer, Zhikan
- Apr. 2024 - Mar. 2025 Developer, Islamic Azad University Electronic Campus
- Dec. 2023 - Mar. 2024 Developer, Motegharen
- Jan. 2021 - Nov. 2023 National Service, Iranian Traffic Police (Third Lieutenant)
- Dec. 2020 - Nov. 2021 Database Analyst / Developer, Tavana System

Skills

- Computer Skills: ■ Python ■ Linux ■ C++ ■ R ■ Freefem++ ■ MATLAB ■ RDBMS ■ LaTeX
- Soft Skills: ■ Teamwork ■ Stress Management ■ Innovation

Schools & Conferences

- 2020 IASBS Student Presentations in English
■ Presented: On Solving Partial Differential Equations using Neural Networks
Institute for Advanced Studies in Basic Sciences
- 2021, Present Population Dynamics
Jena University
- 2021 An Introduction to Variational Analysis (Summer School)
Miami University, Urmia University of Technology
- 2020, 2021 One World IMAGINE seminars
Siam
- 2020 Solving inverse problems with deep learning
UC Berkeley Applied Math Seminar
- 2019 Introduction to Data Science in R
Institute for Advanced Studies in Basic Sciences
- 2019 From Biophysical Modeling to Simulation Codes (Winter School)
Graz university, Isfahan University of Technology

Research & Interests

- Biophysical Modeling
- Physics-Informed Machine Learning
- Finite Element Method

Languages

- English – C1 (*Proficient user*)
- German – A2 (*Basic user*)
