### Education

- Sep. 2017 - Oct. 2020 M.Sc. in Applied Mathematics, Institute for Advanced Studies in Basic Sciences, Iran  
*Numerical Method for Solving PDEs with Uncertainty Using Neural-Network*
- Sep. 2012 - Sep. 2017 B.Sc. in Applied Mathematics, University of Guilan, Iran  
*Study on GMDH Algorithm for Stock Price*

### Experiences

- Mar. 2024 - Present Senior Developer, Zhikan
- Apr. 2024 - Mar. 2025 Developer, Islamic Azad University Electronic Campus
- Dec. 2023 - Mar. 2024 Developer, Motegharen
- Jan. 2021 - Nov. 2023 National Service, Iranian Traffic Police (Third Lieutenant)
- Dec. 2020 - Nov. 2021 Database Analyst / Developer, Tavana System

### Skills

- Computer Skills: ■ Python ■ Linux ■ C++ ■ R ■ Freefem++ ■ MATLAB ■ RDBMS ■ LaTeX
- Soft Skills: ■ Teamwork ■ Stress Management ■ Innovation

### Schools & Conferences

- 2020 IASBS Student Presentations in English  
■ Presented: On Solving Partial Differential Equations using Neural Networks  
*Institute for Advanced Studies in Basic Sciences*
- 2021, Present Population Dynamics  
*Jena University*
- 2021 An Introduction to Variational Analysis (Summer School)  
*Miami University, Urmia University of Technology*
- 2020, 2021 One World IMAGINE seminars  
*Siam*
- 2020 Solving inverse problems with deep learning  
*UC Berkeley Applied Math Seminar*
- 2019 Introduction to Data Science in R  
*Institute for Advanced Studies in Basic Sciences*
- 2019 From Biophysical Modeling to Simulation Codes (Winter School)  
*Graz university, Isfahan University of Technology*

### Research & Interests

- Oncology
- Biophysical Modeling
- Physics-Informed Machine Learning
- Uncertainty Quantification
- Finite Element Method
- Numerical Analysis

### Languages

English – C1 (*Proficient user*)  
German – A2 (*Basic user*)
