Education

- Sep. 2017 - Oct. 2020 **M.Sc. in Applied Mathematics**, Institute for Advanced Studies in Basic Sciences, Iran
Numerical Method for Solving PDEs with Uncertainty Using Neural-Network
- Sep. 2012 - Sep. 2017 **B.Sc. in Applied Mathematics**, University of Guilan, Iran
Study on GMDH Algorithm for Stock Price

Skills

Computer Skills ▪ Python ▪ Linux ▪ C++ ▪ Go ▪ R ▪ Freefem++ ▪ MATLAB ▪ Git ▪ RDBMS ▪ LaTeX

Soft Skills ▪ Teamwork ▪ Stress Management ▪ Innovation

Research & Interests

- Oncology
- Biophysical Modeling
- Physics-Informed Machine Learning
- Uncertainty Quantification
- Finite Element Method
- Numerical Analysis

Schools & Conferences

- 2020 **IASBS Student Presentations in English**
▪ Presented: On Solving Partial Differential Equations using Neural Networks
Institute for Advanced Studies in Basic Sciences
- 2021, Present **Population Dynamics**
Jena University
- 2021 **An Introduction to Variational Analysis (Summer School)**
Miami University, Urmia University of Technology
- 2020, 2021 **One World IMAGINE seminars**
Siam
- 2020 **Solving inverse problems with deep learning**
UC Berkeley Applied Math Seminar

2019 **Introduction to Data Science in R**
Institute for Advanced Studies in Basic Sciences

2019 **From Biophysical Modeling to Simulation Codes (Winter School)**
Graz university, Isfahan University of Technology

Experiences

Mar. 2024 - Present **Senior Developer**, Zhikan

Apr. 2024 - Mar. 2025 **Developer**, Islamic Azad University Electronic Campus

Dec. 2023 - Mar. 2024 **Developer**, Motegharen

Jan. 2021 - Nov. 2023 **National Service**, Iranian Traffic Police (Third Lieutenant)

Dec. 2020 - Nov. 2021 **Database Analyst / Developer**, Tavana System
